A Storm.
We were visited, on last Wednesday evening, by a terrific storm of rain and wind, accompanied by a little hail. From what we can learn, the fruit suffered more than anything else. Here in town a great many trees are oblown down, and others greatly damaged. The rain was decidedly the heaviest witnessed here in many a year. We have no report from the country, but it is fured that the bridges throughout the country

are swept away. LATER.-Just before going to press we were informed that the new house of Martin Lewis, situated one mile north of Oregon, was almost racked to Diecees by the storm, one end of it being moved around seven feet, damaging a great deal of furniture. The house was new; 30 feet long and two stories high.
A great deal of the fence on the farm svas siso blown down.
